Gibraltar.

This famous stallion will stand for the season at the ranch of John Sweeney near Carson City. Gibraltar is the sire of Homestake whose record two years ago was 2:14½.

If your watch is out of order in any way you can get it repaired at Golden's by skilled workmen from the best institutions in Europe. The work turned out in jewelry repairing is always finished in the best style and the assortment of goods has no equal anywhere in Nevada. j4f.

HEAVY STORM IN N. Y.

10,000 Lives Lost by Floods in China.

ACTOR CURTIS TO BE TRIED NOVEMBER.

No Cholera Reported in Central America.

Special to the Appeal.

The Bruner Case.

San Francisco, Sept. 26.—The case of Elwood Bruner, the Sacramento member of the Legislature accused of felony in connection with the ticket scalpers bill, was called in the Superior Court this morning. Attorney Campbell, who appeared for defendant, moved that another continuance be granted, but Judge Wallace was opposed to granting further time, and the clerk began to impanel a jury. Bruner registered an objection to the proceeding. The work of impaneling a jury proceeded slowly, and in all probability a jury may not be obtained before Wednesday.

No Cholera.

San Diego, Sept. 26.—Overdue steamer San Blas arrived today from Central American ports. There was no cholera on board although the vessel was detained two days in quarantine at Acapulco.

Heavy Loss of Life.

London, Sept. 26.—A cablegram from Hong Kong states that over ten thousand lives lost by floods in the interior of China.

New Mining Co.

San Francisco, Sept. 26.—The Carson Creek mining Company was incorporated today by E. M. Gates, E. W. Roberts, W. H. Porter and others.

Damage by Storm.

New York, Sept. 26.—The damage by today's storm throughout Central New York will reach half a million dollars. No lives lost.

The Curtis Trial.

San Francisco, Sept. 26.—The murder trial of actor M. B. Curtis has again been postponed, and the case set for November 14th.

U. S. Deserters.

San Francisco, Sept. 26.—Twelve men from U. S. Cruiser Baltimore deserted today just before the Cruiser sailed from San Diego to attend Discovery Day celebration.

Hon. Thos. Wren is stopping at the Arlington.

The man with a straight tip is working his little game.

Parkinson is still trying to get Dr. Winnie off the ticket and make a place for himself.

Stewart and Newlands are gaining ground daily. Whenever thinking men hear them explain the situation they gain votes.

Abe Cohn yesterday exhibited a bar of Bi-Metallic bullion worth in round numbers \$700. It could be conveniently carried in the pocket.

The Tribune is anxious to have Dr. Winnie put off the ticket to make room for Eddie Parkinson. The Central Committee dare not make such a change. The voters wouldn't stand it. Every dollar Parkinson rakes in from this confiding community he invests in California. Every dollar Mr. Winnie makes he invests at home.

A Campaign Lie.

The Carson Tribune of Saturday asserts that Wm. M. Stewart and F. G. Newlands had an interview with several prominent Republicans of Washoe county a few days since and assured the latter that if they would assist in carrying Washoe for Stewart and Newlands, that the State Prison would be removed from Carson to Reno, and one of the said Republicans be made Warden. Senator Stewart denies the statement of the Tribune as a lie, and the voters of Nevada know that it is. To such straits are the followers of Bartine put, that even in Ormsby county, the only Republican stronghold in the State, they have to resort to such pettifoggery measures to awaken a modicum of enthusiasm for their candidate. He will be snowed under next month.—Chronicle.

THE FIRST DAY.

Lovely Weather and a Good Attendance.

In spite of the prediction that it would rain and blow all week, it did not, and yesterday was a perfect day in all respects.

Of course the first day of a District Fair is not noted for a large attendance but there was a good showing on the stand yesterday.

The Douglas County people take a great interest in the Fair, and they came down in good force, by the

A PARTY FROM DOUGLAS.

farm wagon line, and they came to enjoy themselves.

THE TRACK.

Had been placed in fine order and the horsemen who had been thumping the hard track at Reno all the week, were delighted at the fine condition of the course, which was just hard enough to be fast and yielding enough to save the horses feet.

All the horsemen who contested at Reno are here, most of them arriving on Sunday.

THE PAVILION.

Those having charge of the pavilion are hard at work and it is proposed to make a very attractive display. Exhibitors are arranging their displays and already the lower floor is pretty well taken up.

The display this year will be superior to last, and by tonight nearly everything will be in place.

Already the big pumpkins and squashes, which head all agricultural

displays, are in place and are attracting general attention.

THE RACES.

The Grand Stand was well filled by 2 o'clock, and the quarter stretch lined with carriages, with the ladies out in large force.

The first was a dash of three quarters of a mile for District horses. Charger, Martinet and Randwick faced the starter's flag and made a good race, Martinet winning in 1.16½, with Charger second.

In the half mile dash for District horses, Sagebrush Kate, Centenella, The Jew, Dew Drop and Bessie S. made several starts before they got the word.

The crowd insisted that two fine opportunities for a start were thrown away, and the starter did not let the bunch go until Dew Drop was ahead. They came under the wire with Dew Drop leading, closely pressed by The Jew who was lame. The rest were not in it.

The Jew made a game run and would have doubtless won if in condition. Time 49.

The trotting race brought Pat Reddy, Flora A. and Thompson.

Flora A. took the two first heats with Thompson second, after which Pat Reddy was withdrawn on account of lameness, and Flora took the heat and purse. Best time 2.43½.

TO-DAY'S RACES.

Single dash of 5-8 mile, for 2 year olds—Trumbo, Alliance, Charmer. Dash of 1 1-16 mile—Lottie Mills, Brown Scott and Democrat.

Maiden's race, ½ mile—Sagebrush Kate, Little Tough, Randwick, Spot. Special trot—Maud H, Hera, Pasha and Hattie B.

A Daughter.

On Sunday, Mrs. James D. Torreyson presented the Attorney General with a lovely daughter. It weighed 9½ lbs and its father already thinks of exhibiting it at the Pavilion.

Oh the weather is all right.

AN ELECTRIC MOVE.

Incandescent Lights to be Placed in Carson.

E. E. Parsons, representing the International Electrical Supply and Construction Company of San Francisco, has been in Carson for the last week investigating the field with a view to putting in an incandescent electric light plant. He says of the enterprise:

"I have made a thorough study of your advantages in connection with such a convenience, and I am positive that with the water power which the Company has secured West of the city, that a system of lights, equal to any on the Coast, can be placed here in a few weeks."

"What number of lights do you consider the water power capable of producing; that is, in good working order?"

"We can place in position and successfully operate 1,200 sixteen candle power lamps, and also furnish 100 horse power to run machinery during the day."

"The redeeming feature of the water supply is its constant flow at all seasons of the year. Even now, with the unusually long spell of dry weather you have had, there is more than sufficient water to operate the generating machinery."

"It will be necessary to build considerable flume, but we have entered into this proposition with the intention of making it permanent. The International Company has decided to divide the stock into three parts as follows: Ten thousand shares to be floated in Carson City, 10,000 shares go to the Company and the remaining 10,000 are to be placed in the hands of Mr. M. C. Gardner Jr., a young gentleman in whom we place perfect confidence."

"By this system it will be seen that two-thirds of the stock remains in Carson City, the placing its control in the hands of local stockholders."

"I am satisfied that it is to be one of the best paying investments in the State, and as a representative of the Company I can guarantee its permanency."

"We can positively flood this town with light and not be subject to the disagreeable drawbacks incidental to bad water supply, which some localities are annoyed with. The power is first class, and I want to impress the people with the fact, that any report to the contrary, is entirely bosh as I have followed it at least five miles myself and know of its motive force."

"It is hardly necessary for me to point out the merits of incandescent lights, as they are taking the place of gas throughout the civilized world which is in itself sufficient evidence of their superiority."

"When will this scheme be consummated?"

"As soon as I complete the necessary preliminary steps, which I expect to do this week. Work will be commenced without delay and you will all be supplied before snow flies."

Ford Fauntleroy.

The only reason the Woodthorpe company have had for presenting Fauntleroy was to show the people of Carson the difference between the last version played here and theirs. The leading role taken by Georgie Cooper the child actress, was head and shoulders above the role created by Flossie Elsie and noticeable also was the Hobbs of J. W. DeLona, who showed a finer conception of the eccentric character than the comedian who played it here with Frenches New York company. The rendition of the old Earl by Frank Cleaves was full of artistic touches and fine shading, and Miss Woodthorpe, called in unexpectedly to play Minna the adventuress, in place of Miss Shyesma, gave the audience a very spirited rendition of the character.

The verdict was that the entire piece was well staged and performed and the theatre goers of Carson may count on a very pleasant acquaintance with the company during the week.

A Lively Runaway.

Yesterday morning the horse driven by Miss Hickey of Empire took fright in front of the Eagle Market and started out on the jump. Miss Lizzie McInte was also in the buggy and before either of the ladies could control the animal he turned almost at right angles and threw the occupants to the ground. The horse took a spin around the front walk of the Bullion Bank and then made a dive for Cagwin's corner, at which point the rig struck a post, and was thrown flat on his back with the dismantled vehicle partly holding him down. It was found necessary to cut the harness in order to release him. The ladies were merely shaken up without sustaining serious injury.
